VPK PROVIDER LIST VOCABULARY:

- **Pending:** If a child care provider is in a “Pending” status on this list, they either offered a VPK school year program last year (and are very likely to offer it this year) and/or they are in the process of being approved by ELCAC to offer it this year. Please contact the provider for “TBD” details.
- **Curriculum:** A planned sequence of instruction to help VPK providers conduct age-appropriate activities and meet the required Florida Standards (<http://www.floridaearlylearning.com/vpk/vpk-providers/the-vpk-class>). “Other” means the provider is using a curriculum that is not yet recognized by the Florida Office of Early Learning (OEL). In that case, please contact the provider for their curriculum details.
- **Readiness Rate:** A score from 0-100 that is intended to reflect how well the VPK provider prepared their VPK students for Kindergarten. After VPK students graduate, most of them are screened by a trained public-school teacher at the beginning of Kindergarten. During the 2017-2018 Kindergarten school year, a new screening tool called the Star Literacy Assessment was adopted and administered on a computer. The results of each former VPK student (grouped by the VPK provider they attended) are averaged to get the readiness rate for the previous program year. A readiness rate between 60-100 is satisfactory but there is a grace period for the new screening tool to be acclimated. ELCAC works with VPK providers that receive a readiness rate below 60 to ensure improved quality.
