VPK PERFORMANCE METRIC & DESIGNATION: VPK providers are required to participate in an annual program assessment that measures the quality of teacher-to-child interactions. They are also required to administer child assessments three times year to measure achievement and learning gains. Data from both responsibilities are gathered and entered into a calculation that results in a single score for the provider. You can view the latest scores from the state by clicking the following link to DOE’s website: <https://www.fldoe.org/schools/early-learning/vpk-accountability.stml>. If a provider is not listed on the latest Excel spreadsheet available, that means that either the previous program year data is not yet available or that the provider did not offer VPK in the previous program year.

FAMILY/CHILD REGISTRATION: The VPK family application process is entirely online through the statewide Single Sign-On and Family Portal systems. For more information about VPK or registration, please visit our website (<https://elcalachua.org/>) or call our front desk at 352-375-4110.
