

2026-2027 VPK School Year Provider List:

Pending & Approved

VPK providers must renew their VPK Contract every year. If a provider has a “**Pending**” status in this list, that means their 2026-2027 VPK Contract is still in progress, but it is expected to be approved before their VPK start date which can be 8/10/2026 or later. You may call Pending providers for any currently blank information on this list. More resources for families can be found on the last page.

	VPK End Date:

PROVIDER LIST VOCABULARY:

- **SR:** [School Readiness Program](#)
- **Curriculum:** A curriculum is a planned sequence of instruction to help providers conduct age-appropriate activities and meet the required [FL Early Learning Developmental Standards](#). If a provider has "Other" as their curriculum, that means they are using a curriculum that is not yet recognized by the Florida Division of Early Learning (DEL).

VPK PERFORMANCE METRIC & DESIGNATION: VPK providers are required to participate in an annual program assessment that measures the quality of teacher-to-child interactions. They are also required to administer child assessments three times year to measure achievement and learning gains. Data from both responsibilities are gathered and entered into a calculation that results in a single score for the provider. You can view the latest scores from the state by clicking the following link to DOE's website: <https://www.fldoe.org/schools/early-learning/vpk-accountability.stml>. If a provider is not listed on the latest Excel spreadsheet available, that means that either the previous program year data is not yet available or that the provider did not offer VPK in the previous program year.

FAMILY/CHILD REGISTRATION: The VPK family application process is entirely online through the statewide Single Sign-On and Family Portal systems. For more information about VPK or registration, please visit our website (<https://elcalachua.org/>) or call our front desk at 352-375-4110.
